Well done Classes 1 and 7!

Many thanks to the parents and grandparents who gave up some of their time to help Classes 1, 2 and 5 walk down to Stocksbridge Library this week.

Harvest Festival

Our Harvest Festival is on Wednesday 23rd October. If you would like to send in food donations, we would be very grateful. Please hand them to your child's class teacher. We send all our donations to the Food Bank in Stocksbridge. At the beginning of our Harvest Festival, each child comes to the front to place a tin or pack, vegetable or piece of fruit on the table as their way of saying thank you.

Mrs Townsend's Pupil of the Week

Alice Wright – a little girl who tries very hard in all she does. She always follows the rules – she wouldn't dream of not doing! She is polite, kind, caring and an all-round superstar!

Nursery News

The children are settling well, although many are catching colds and getting very tired (including staff!)

Thank you for teaching your children to wash and dry their hands by themselves. This week please could you teach them to wipe and blow their own nose? Also any donations of boxes of tissues would be gratefully accepted as we seem to be using a box a day at present! Thank you.

This week's praise board

The grown-ups are spotting the children doing something positive and sharing it on a board in the staffroom.

Niall, Dottie, Reuben, Kira-Lace, Priya and Emily who sent lovely selfies of their Active journeys to school.

Marcie Anderson is always willing to help a grown-up and very polite.

Charlie Beebee-George for helping to tidy up the small yard.

Jasmine for being so polite and saying "Thank you for helping me" to Mrs Cuthbert.

All of Class 1 who walked to the library and back this morning in pouring rain – and arrived back at school very wet but with big smiles on their faces!

What are we learning in math's next week (week commencing 14.10.19)?

Reception will be sorting objects into groups that are the same – colour, size, shape, etc.

Year 1 will begin to build our number skills by partitioning a number into two or more parts and this will help with number bonds and addition. We will be working with the part - whole model....which the children will learn as part, part whole language e.g.

Year 2 will be continuing learning to recall all number bonds to and within 10 and use these to reason with and calculate bonds to and within 20.
