Mrs Townsend's Pupil of the Week.....

Kira-Lace Howson made a card to welcome a new starter into her class. No one asked her to. It shows what a kind, thoughtful, considerate young lady she is.

Nursery News

Thank you to everyone who has donated a box of tissues to nursery. It is very much appreciated.

The nursery children have access to outdoor play, all day, every day (except in extreme weather) so please make sure that your child has a coat with them every day; especially as the weather turns colder.

It would also help them if you could teach your child to put on their own coat without having to wait for an adult to help, giving them longer to play. We find the "Batman" approach works best – "Put the hood on your head and feel behind your back for the arm holes".

Safeguarding - County Lines VIDEO SERIES

Parents of older children may find the following information and videos interesting and useful to watch. This series of videos features a recently retired London police officer, Peter Wilson. Peter was a member of the Metropolitan Police's Trident unit where he worked to combat child criminal exploitation (CCE) and the grooming of young people into drug gangs. The 14 videos help people understand the nature of County Lines including:

- What is county lines?
- Why are even 8-10 year olds at risk?
- My borough doesn't have much crime and there aren't any gangs
- Top tips for parents

Could county lines be more widespread than we realise?

You can find the videos here: <https://www.lgfl.net/digisafe/countylines>
